## Job 38:36-41

### *God will Provide*

Where is God when Job and his friends seem to wonder about him?

How does God finally reveal himself to Job?

What is the main point of God's gift to man and animals in verses 36-38?

What is the main point of God's gift to animals in verses 39-41?

The doctrine of God's providence is the action of God for his creation since the act of creation. It is God's \_\_\_\_\_ based on...

- 1.
- 2.
- 3.

This includes, as we see with the lions in the text in particular:

- 1.
- 2.
- 3.

"Concurrence" means that God works with his \_\_\_\_\_ with influence appropriate to their \_\_\_\_\_.

God's divine providence also includes his "world government" (not a human government) with four main actions from him:

- 1.
- 2.
- 3.
- 4.

God's providence is his means of providing for every \_\_\_\_\_ of creation.

It is easiest to see this in the way he provides for all creation, especially...

- 1.
- 2.

But we must also remember that he has our good at heart, and therefore this is a proclamation of the \_\_\_\_\_ for us as well.

The gospel is seen even more clearly in the way we are forgiven and saved, and that is the doctrine of \_\_\_\_\_.
