2nd Sunday after Epiphany

January 17-18-19, 2023

Sermon Text: Colossians 2: 6-15

Sermon Theme: "God Uses the Ordinary to Accomplish the Extraordinary"

1. What would the cure for cancer be worth? Do you think you will see the cure for cancer in your lifetime? Why or why not? Christians have something better ... Baptism. What is Baptism the cure for?
2. What are multiple uses for water? What is the most important use for water according to the Bible?
3. Sadly, not everyone teaches and believes the Bible – even many churches. What was the error of the false teachers plaguing the Colossae church?
4. Pastor O explained several different ways in Jesus life he used ordinary things to accomplish the extraordinary. Write down at least two of them.
5. How do children know who their family is? How is baptism our Christian identification?
6. Why does every soul need Holy Baptism?
7. Even though our Baptism may have taken place a long time ago, how do we still draw strength from our Baptism?
8. How does Baptism help us when the devil accuses us of not being worthy of God's love?
9. Who will you tell of God's great gift of Baptism this week?
